GABRIELCIMAS

ADUANAS & LOGISTICA

Reliability, Certainty, Confidentiality and Continuous Improvement are the values which identify us when providing services to our clients.

OUR COMPANY

With more than 25 years of proven experience, we provide comprehensive advice in several areas such as international trade, coordination of logistic services, customs clearances and supplies on board, all within a reliable and trustworthy environment, ensuring confidentiality and the firm's overall on-going improvement.

OUR MISSION

We strive to satisfy the needs and reasonable expectations of our clients, providing them with essential services in international trade and logistics, aimed at improving their competitiveness, in an efficient and profitable manner.

OUR VALUES MAKE A DIFFERENCE:

Personalized attention:

We focus on every one of our clients and customize our services in order to ensure a maximum return to our clients.

Strategic partners:

We are part of the value chain of strategic clients, becoming part of their business and maximizing our efforts to achieve excellent results.

Exclusive dedication:

Our high sense of responsibility towards strategic clients often leads us to refrain from providing similar services to other competing companies in their respective fields of expertise.

Constant evolution:

We constantly assess suggestions and opportunities to improve our services, detected by our clients, suppliers and international colleagues in order to incorporate suggestions and opportunities to our powerful process improvement system.

Technology:

Our own private datacenter ensures the last generation of technology communication, storage, security and availability, and the best service conditions.

Proven experience:

Our clients value our agile attention provided by our youngest employees and the tranquility of knowing they work closely with experienced staff who are part of the company since its beginnings.

OUR SERVICES

Advice on International Trade

We provide advice to our clients enabling them to develop an international trade strategy, which seeks to maximize profits and mitigate risks, always pursuant to applicable regulations.

Customs Clearances

As Licensed Customs Brokers, we provide clearance services for import, export, transit, temporary admission, simplified and GEX files, as well as any further specific customs declaration required by applicable regulations.

Outsourcing

We outsource, in full or in part, international trade management including, among others, freight operations and insurances, operations pricing, affidavits and certificates of origin, thus becoming part of the actual value supply chain of our clients.

Coordination of Logistic Services

Once we are acquainted with a client's needs, we select the appropriate suppliers, we coordinate and monitor their tasks, and subsequently assess the provided services.

Vessel and Aircraft Supply

As licensed suppliers on board, we provide a comprehensive service of customs clearance for vessels and aircrafts, in order to cover the consumption requirements on board, and spare parts and supplies required for repair and operational maintenance thereof.

Representation and Management before Public and Private Agencies

Our goal is to assure our clients they can focus on those tasks which contribute more value to their business; thus we make sure our team keeps abreast of the latest regulations related to international trade in order to allow our clients to rely on us to carry out all the required proceedings.
